The see through awning fabric -

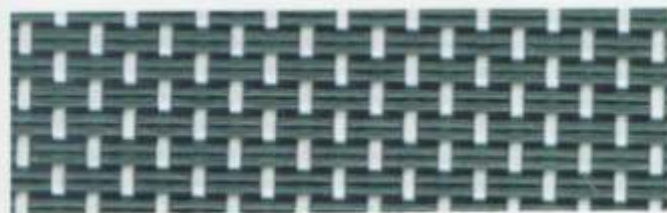

it shades without losing your view.

Vistaweave is a revolutionary awning fabric that lets the light in yet keeps out the sun, while fashionably enhancing the exterior character of your home or business premises. Unlike conventional awnings Vistaweave's uniquely woven design allows you to see through from the inside and enjoy the view whilst filtering the sun's damaging rays and keeping the interior cool.

Cool, light, airy interiors

Over 90% shade filters out the sun's heat without filtering out the light.

Vistaweave filters out the sun's glare to give over 90% shade. Vistaweave won't trap heat underneath either, its specially woven construction allows the air to flow through to keep interiors cooler, light and airy even on the hotter days. No more gloomy airless interiors.

- Vistaweave won't rot and resists mildew and you can even roll it up when wet.
- Vistaweave is UV resistant to give maximum protection from the sun, withstanding the harshest weather conditions and has a 5 year warranty on UV degradation.
- Vistaweave has an 80 - 90% Shade Factor.
- Vistaweave breathes so it won't trap heat underneath.
- Vistaweave is salt air proof making it ideal for seaside areas because salt won't harm it.
- Vistaweave is virtually maintenance free. A quick regular hose down with a soft brush will keep your Vistaweave awnings as good as new.
- Vistaweave contains special fire retardant additives.
Tested to AS1530 part 2 1973. Flammability index 5
